

Ben Quine

Vice-President of Christians Engaged

Author and speaker Ben Quine is honored to serve as the Vice-President of Christians Engaged. His Bible studies in the *Answers for Difficult Days* series equip churches and individual believers to address the hot-topic issues our culture is wrestling with today, from the foundation of Scripture.

Ben has also served as a consultant, assistant, and co-author with Cornerstone Curriculum. He is the editor of *The Worldview Library*, a series of classical literary works with student helps. He has also co-created K-12 worldview and history courses on Art and Music.

Trained as a classical pianist and instructor, his students have performed from local festivals and competitions to Carnegie Hall.

Ben's heart is to equip the Church with Bible studies and curriculum that will answer our culture's questions from God's Word, and to teach the Biblical Worldview to the next generation.
